Letter from A.C.Duff Esquire., I.C.S., Collector of Bellary, Reference C.No.1242/22-A4, dated the 19th June 1922.

On account of the extremely unhealthy nature of the climate ofSiruguppa town. the question of keeping the full complement of the clerical staff of the Taluk and Stationary Sub Magistrate's offices consistent with their efficiency, has engaged the attention of successive Divisional Officers, since the formation of the Taluk in 1910. The town, surrounded, as it is, by wet fields and

encircled by irrigation channels has earned such a notoriety for unhealthiness throughout the year, that it has been found difficult to secure clerks to take up service there. Permanent men take all possible measures to avoid a transfer to Siruguppa and acting clerks go there, only if they fail to secure appointments elsewhere. Even those that go, stop there for a short period fall sick and leave the station. The inevitable result is a deplorable fall in the standard of efficiency of the clerical staff and the consequent chronic disorder in the general business of the offices there.

2. With a view to ameliorate the condition of the clerks, to some extent, and to make the clerical posts more attractive there, the Divisional Officer Bellary, proposes the grant of special allowance. Mr. Molony, while leaving the case for my decision has left a note "Siruguppa is an unhealthy God-forsaken spot; the staff "is chronically discontented and I think it wise, if possible, to "make the pay of posts there a little better than the corresponding "ones in other taluks".

The opinions of my predecessors and the recommendation of the Divisional Officer all make me think that the Siruguppa clerks deserve special consideration and I accordingly submit for the Board's approval, a scheme for the grant of local monthly allowance of Rs. 7/- to the Head clerk of the Taluk office and of Rs. 5/- to each of the other clerks in the Taluk and Stationary Sub Magistrate's offices.

3. The extra cost involved in the above proposal is Rs. 67/- as detailed in the margin. I propose to meet the extra expenditure by a proportionate reduction of clerical and menial establishment in this and Rayadrug Taluk, by two peons in the former and one clerk and one peon in the latter. The Divisional Officers concerned also recommend the reduction and they are of opinion that this reduction will not impair the efficiency of the Taluk administration. The

To

Secretary to the Government of Madras, Revenue Department,
Madras.

Sir,

Your memorandum No. 2647-c/22-3 dated 9th November 1922.

I have consulted the Executive Engineer, and we suggest the following proposals.

Buildings completed.

Block No. 5--Was originally intended for two attenders and ten peons. This may be sold or let to the Union or let to the privat individuals.

Block No. 4--Was intended for one muchi and thirteen peons. Out of the fourteen quarters contained in this block two will be lef vacant and the rest will be distributed as below;--

3 Peons of Deputy Tahsildar
1 peon of Revenue Inspector
1 " of Sub Registrar
1 " of Local fund overseer
5 Peons of Salt Department
1 Deputy Tahsildar's attender

Buildings partly built & nearing completion.

Block III--This was originally meant for one Head Accountant, one Land Records Inspector and seven clerks. In this block walls are built and terrace work has been started. It will be completed and used for one sub overseer P.W.D., one salt Sub Inspector four clerks of the Deputy Tahsildar, one clerk of the Sub Registrar and two clerks of the Local Fund overseer

Block II--It was meant for one Sub Registrar, one Revenue Inspector and eight clerks. In this block, masonry for 2 quarters has been raised to joint level five to the top of the doors and the remainder about 3 feet above basement level. Of these 3 quarters will be utilised one for Sub Registrar, one for Revenue Inspector and one for shroff. The remaining quarters will not be completed and the part built portions will be demolished.

Block I--This was meant for the Tahsildar and the Sub Magistrate. In it walls are practically finished. Remaining work such as roo ing &c will be completed and the building will be set apart for the Deputy Tahsildar and the Police Circle Inspector.

2. With regard to the further expenditure required the Executive Engineer put it approximately as follows;-

Block	I	Rs. 7,715	For completing four quarters only and demolish-

Letter from A.C. Duff Esq., I.C.S., Collector of Bellary, D.Dis. No.C.5702/22-A-4 dated 20th December 1922:-

Allowance- Local- Siruguppa clerks- unhealthiness- Board's reference No. C 2429/22-2 dated 11th Septr.,22.-

I have consulted (1) the District Superintendent of

Police (2) Assistant Commissioner, Salt and Abkari Department (3) Superintending Engineer (4) District Registrar and (5) the Superintendent of Post offices and all of them except the District Superintendent of Police report that they experience similar difficulties in finding suitable men for duty and recommend local allowance. The District Superintendent of Police does not recommend any allowance on the ground that the new houses have been built on high ground and sickness has not been above the average at Siruguppa. Now that the Siruguppa Taluk has been ordered to be abolished there will be only 4 clerks in the Deputy Tahsildar's office to whom local allowance has to be granted. The construction of Government quarters for clerks etc., is nearing completion. I would therefore recommend that the clerks of the Deputy Tahsildar's office may be given the allowances already reported in my letter D.Dis. No. 1242/22-A-4 dated 19th June 1922 or allowed to occupy the quarters free of rent. Similar concession may be granted to the staff in the other departments. A statement showing the total cost for each department is enclosed.

2. Under the redistribution of Divisions and Taluks, ten villages of Bellary taluk will be transferred to Rayadrug taluk. The work of the Rayadrug taluk office will be increased by this arrangement and I think the reduction of the establishment proposed in my letter dated 19th June 1922 will not be possible. The post of one clerk and one peon in the Rayadrug Taluk office which are vacant from 1--10-22 will be retained after the redistribution.

Reference-

Submitted to Government.

2. The Board recommends that the quarters newly constructed may be occupied free of rent by the officials including the clerks. The grant of a local allowance to the officials occupying free quarters will not be necessary. The Collector has been asked to report how he proposes to utilize the buildings consistently with the reduction of the Taluk into a Deputy Tahsildar's division and his report is awaited.

Please let me know the final orders passed by the Government on the proposal of the Board of Revenue to allot the newly constructed quarters at Siruguppa to the Government officials there rent-free in view of the unhealthiness of the locality. The allotment of the quarters was made long ago. If they are not declared rent free, the subordinates will not be willing to occupy any of them. It has also been proposed that I should take charge of the buildings as early as possible. If I take charge of them, now when they are not occupied there will be none to look after them. The result will be theft of building materials which cannot be prevented unless a special police guard is posted. This means additional expenditure. I therefore request that early orders may be passed.

3. It seems doubtful whether the present proposals can be sanctioned on the ground that no extra expenditure is involved in it. Orders are solicited whether Rev. may be requested to ask the Collector to report whether other Depts. are Experiencing similar difficulties in finding suitable men for duty at the

locality and if so to work out a complete scheme ~~for all depts~~ in consultation with the several heads of depts (Explaining the full financial Effect of it).

4. Whether the local allowances now proposed are sanctioned or not, it seems that the staff proposed for surrender can be dispensed with, ~~especially in the Rayadrug Taluk~~. It is for consideration whether Rev should be requested to ask the Collector to keep the posts referred to, vacant pending final decision on this case, in view of the necessity for curtailing all possible expenditure.

6.8.22

The reduction in Establishment may be completed for the first ~~Illustration~~ must ask for a scheme [illegible] all depts Perhaps the allowance may be awarded by shifting the staff to a healthier place than Adoni depts may be asked to consider this & the cost of the shift.

Extract from Notes from the file (Finance Ct. No. 6248B of 22) re: the transfer of funds for constructing quarters for Revenue officials at Siruguppa.

As regards Siruguppa - item (1) in draft - on another file, regarding the grant of allowances for the unhealthiness of the place, Finance suggested that the offices might be shifted. it is possible then that the quarters for the Revenue officials may be unnecessary and it may be advisable to stop this work at once till a decision is arrived at as to the abandonment of the place.

Submitted that the file relating to the grant of local allowances to Revenue Subordinates at Siruguppa has been returned to Revenue who have been requested to formulate a complete scheme for all departments and also to consider whether the headquarters of the taluk cannot be shifted. The fact that residential buildings are being provided for will no doub be considered by Revenue. A copy of A.S's and Secretary's notes above and of these notes may perhaps be sent to Revenue. Please see telephone message on p. 10 ante. In connection with the proposals for the reduction of revenue invisions & taluks in the Bellary district, the Coll. & the Board have strongly expressed themselves in favour of the conversion of the Sirugupp taluk into a dy. tahsi. division. If the proposals are accepted, the revenue staff which will be retained in Sirugupp town will be very limited. Provision of quarters ~~will~~ be necessary only for one dy. tahr., three clerks & one or two peons. For details of the quarters proposed originally please see p. 2 of G.O. 3615 P.W. dated 19-1-19 & 26.11.19

2/ In their telephone reply on p. 7 ante P.W.D. stated that the outlay to end of June 1922 was Rs. 400 against the grant of Rs. 25,000. The telegram stopping further construction of work was sent on 7.9.22. But in their message on p. 10 ante it is stated that the total outlay on the buildings is Rs. 48,878. Presumably Rs. 4000 represents the expenditure from 1st April to June 1922 Submitted Perhaps P.W.D. may be informed of the proposals on Land and requested to provide the sum of Rs. 20,500 in the budget estimate tentatively. A draft reply is submitted for approval.

Please see the memo. on pp. of C.F. & the Board's reply on pp. 11-13 C.F. The information furnished in the statement on p. 13C. was called for at the instance of Finance – vide para. 3 of Finance note on pp. 2-3 ante. The question of allowances to the subordinates at Sirupa affects several depts. viz. Rev., Law Registration, Finance (S.R.) & P. W. D. & is therefore one for consideration in Finance.

2/ The Board recommend that the quarters newly constructed at Sirusippa may be occupied free of rent by the officials referred to on p. 13C. Submitted (Revenue may support the Board's recommendation & pass on the file to Finance through Law & P. W. D. The rent recovered on 10 % basis sum to be less than the allowance borrowed on p. 13 C.F. in each case.

3/ The Collr. has excluded the peons of the Rev. deptt. in the statement on p. 13C. Apparently local men are available for menial services. But if any concession is given to menials of other depts., it may equally be given to menials of the Rev. deptt.

4/ In para. 1 of the memo. on p. 5 C.F. the Collr. of Vellary was instructed to keep vacant the posts of two peons in the Sirusippa calculated

re event and one peon in the Rayadrug taluk office. The Collr. now states that after the present redistribution of the taluks, the post of one clerk and one peon now kept vacant in the Rayadrug taluk office will be retained. This question may, it is submitted be considered when the postfacto statement called for in connection with the redistribution is received.

16/2

From the Collr's report at 9 Cf it will be observed that there is accumulation in the staff of all departments. The proposal to allow free quarters seems preferable being cheaper than the grant of a special allowance. The file may be passed on to the Board's Law record.

The case relates to the grant of local allowances to the subordinates of the several depts. of Govt. stationed at Sompuppa on account of the unhealthiness of the locality. The rates of allowances recommended will be found in the statement on p13 cf. The Supdg. Engr. has been consulted by the Collector in the matter. In their notes on p16 ante the Rev. Addl. proposes to allot rent free quarters (out of the surplus Rev. Clerks' quarters) to the subs instead of granting them a local allowance. According to the distribution of quarters on p9 cf, only one sub-overseer is to be provided with quarters & the other will have to be granted a local allowance of 20 p.c of pay. If the proposal of the Collector in para 5 on p16 cf to allot a P.wd. building to an Irrigl Dept is negatived, it will be possible to provide rent free quarters for the 2nd sub overseer also.

[The previous notes of Finance are on pages 3 to 5 ante.]

Finance is at present concerned with the proposal of Revenue, Law & P.W.D. to grant rent free quarters to their subordinates serving at Siruguppa on the ground of unhealthiness of the place.

2. Siruguppa has not till now been recognised as unhealthy requiring special allowances. Further the Retrenchment Committee have very recently examined the list of unhealthy localities and they have recommended the omission of many places like Pulicat, Cuddapah etc. (where local allowances are now being granted) from the list of unhealthy localities. These recommendations have been accepted in Cabinet.

3. Please see para 6 on pages 5 to 6 of the Committee's report where it is laid down that generally rent free quarters or house rent allowances should not be allowed except in a few cases mentioned by them and that all existing concessions should be abolished. It has been decided in the Cabinet ~~rent-~~

> The ideal to be aimed at is the provision of free quarters to all Govt. officers. Pending the attainment of this ideal the only practicable course is to charge rent in all ~~xxxxxx~~ cases. But this charge must be ~~xxxxxxx~~ subject to exceptions in very special cases to be determined by order in Cabinet. Further no change shall be made pending a change in incumbency.

In view of these circumstances, it does not appear that the grant of rent free quarters to these subordinates can be agreed to in any case.

4. If the men serving at Siruguppa should be given special treatment, the only course that can be adopted seems to be to include the place in the list recommended by the Retrenchment Committee. This course will give the men the uniform scale of allowances recommended

P.T.O.

by

Rev. Committee for places like Wynad, Agency tracts etc. which is more than what the Collector has recommended. It is apparently undesirable to lay down a new scale of allowances for places which are not so unhealthy as Wynad etc.

5. Even assuming that Sirugunna is not very healthy, it is for consideration whether the question of granting special allowances should not be dropped in view of the omission of places like Pulicat etc. from the list of unhealthy places, leaving the head of depts. to find men for service at the place by turns.

GNS 5.6.23 6 If the view in para 5 above is approved, the case may be returned to Rev. who may issue orders on this case.

Emm 5.6.23 Unhealthiness of locality cannot be accepted as a reason for grant of free quarters.

As regards grant of allowance for unhealthiness such grant has not been made in the past and cannot be accepted now. Please see also DSD's view recorded at page 6 that sickness has not been above the average at Sirugunna.

2. The cause of unhealthiness is ascribed both in the case of Siruguppa and in the case of Dhone to contaminated water which the members of the Taluk establishment use. The simple guide to health is to cease the use of contaminated water.

The Finl is against the grant of any of the 2 concessions (pp 22 & 24 supra)

In telegram dated 7-9-1922 the Superintending Engineer was asked to stop work in connection with the construction of quarters for the revenue officials in Siruguppa until further orders; and in O.M.dated

b 8 cF

9-11-1922 the Collector was asked to report in consultation with the Executive Engineer what use he proposed to make of the buildings already constructed and what further minimum expenditure would have to be incurred to complete the buildings in the event of the (conversion of the Siruguppa taluk into a Deputy Tahsildar's division being sanctioned. The Collector's report is at pages 9-10 of SF. above. In the draft it is proposed to approve of the allocation of quarters recommended by the Collector but there is no instruction to resume the work of completing the quarters. This instruction may be embodied in the draft but in the matter of the details connected with the completion of the work there is one point which requires orders. // Block II was intended for the Sub-Registrar, one Revenue Inspector and eight clerks. In this block masonry for two quarters has been raised to "Joint level", for five quarters up to the top of the doors and for the remainder about three feet above basement level. Of these only three quarters will be utilised, one for the Sub-Registrar, one for the Revenue Inspector and one for a shroff. It is proposed that the remaining quarters should not be completed and that the part-built portions would be demolished. What "Joint level" is, is not known. Supposing that the five quarters for which masonry has been raised to the top of the doors are the highest of the ten unfinished quarters and that three of these will be completed, it would be a great pity to demolish the two quarters raised to the "joint level" two quarters raised to the top of the doors and three raised

three feet above the basement level. It is for consideration whether the Collector and the Executive Engineer may be asked whether there is absolutely no means at all of utilising all the quarters if completed. Some money having been spent on their part construction it may be advantageous to complete the construction and to let them to other public or quasi-public servants, if ny or even to private individuals as is proposed to e done with block No.V.

The unfinished quarters in Block II with the exception of three intended for 1 Sub-regr, 1 R.J., & 1 Shroff have been demolished and the materials utilised for finishing other incomplete quarters. The loss is thus only in labour charges.

2. As regards the allotment of quarters, the Collr has again addressed Govt stating that the subordinates will not be willing to occupy the quarters unless they are declared rent free. Under rule 323 of the PWD Code it is obligatory on

on every Govt servant ~~[illegible]~~ provided by Govt
Quarters intended for him but to
enforce the rule in the present case
and compel the Subordinates to

efficient clerks to take up service
at the place. Please see in this
connection the para 1 of the letter
from the Collr of Bellary at Pp 1-2 CF.

the allotment of quarters as proposed
by the Collr at Pp 9-10 CF may now

Under Rule 45 (e) of the Fundamental rules, a Local Government may, in very special circumstances, for reasons which should be recorded, waive or reduce the amount of rent to be recovered or grant rent free accommodation to Government servants who are required to occupy particular houses in order to ensure the proper performance of their duties. In this instance, it is submitted that the Shroff, the 3 peons and attender of the Deputy Tahsildar and the Revenue Inspector's peon may be given rent free quarters, as their pay is very low and as they are required to live in the houses provided for them, in order that they may be less liable to sickness and so more efficient in the performance of their duties. If, in lieu of free accommodation, a low rate of rent is charged, the amount leviable from the ~~Shrd~~ Shroff ~~will~~ may be, say, Rs.1-4-0 as against the usual rent of Rs.2-5-4 at the usual 10% rate, and that leviable from the peons and attenders ~~will~~ may be about As.8/- each as against Rs. ~~1x8-0~~ 1-8-0 leviable at the 10% rate. It is for consideration whether it is worthwhile taking the trouble of collecting these small amounts from the menials with the attendant maintenance of accounts and correspondence relating to them.
